Copy of letter No 444-503 from the Superintendent, Sri Jaya-Chamarajendra Occupational Institute, Bangalore, to the President, Town Municipal Council, Mandya

---

You are aware that this Institute was started by the Government from the 1st August 1943, and has been training skilled personnel required for the various industries and also to equip our young men with the requisite knowledge to start small industrial units for their own in the mofussil

The Institute has begun its fourth year of working and the total number of students now undergoing training is about 700 coming from all parts of the State

The main object with which the Institute was started being the industrial regeneration of the State as a whole, it is expected that all the Local Bodies such as District Boards and Municipalities would come to its aid in the fulfilment of its object by generous contributions in the shape of scholarships to such of the students who have come from their respective districts and taluks It is gratifying to note that some of the district Boards and a few of the Municipalities have already come forward with their contributions

I request that, in view of the large number of students who are being trained in this Institute, the local bodies may kindly be moved to extend their co-operation and offer a large number of schoolarships during the current year

Expecting the favour of an early reply
